Hundreds of people in our community are struggling every day to get adequate health care. Most people assume that the Affordable Care Act took care of all of the uninsured and there’s no longer a need for charity care clinics like InterFaith. The truth is, while the Affordable Care Act made health insurance more accessible for some, at least 50,000 individuals in Knox County are ineligible for financial subsidies under the ACA and still can’t afford health insurance. Because of our state’s decision not to expand Medicaid coverage, these 50,000 Knox County residents are still without coverage.

50,000 Knox County residents made too much money to qualify for Medicaid but were ineligible for financial subsidies under the ACA; they have NO health insurance coverage

The poorest individuals qualify for services under Medicaid; they have health insurance coverage

Many individuals in Tennessee had incomes that qualified them for an ACA-approved plan; they have health insurance coverage

Without InterFaith Health Clinic, there would be nowhere for these individuals to turn.
We hope you will support InterFaith Health Clinic by favorably considering a sponsorship of Casino Royale, to be held on Friday, April 3rd, 2020. Please complete this form and mail, email, or fax it to InterFaith at the following address:
